CENTER PIVOT HANGER

C-180HD

Up to 250 lbs. [113 kg] per panel/leaf

These heavy-duty center pivoting hangers are used to create pivoting room dividers that can also be stacked back-to-back against a wall or within hide-away enclosures. Doors must be moved individually and cannot be hinged together.

Available in clear, bronze or black anodized, mill finish or powder-coated.

How to Specify/Order:

Please contact KN Crowder at customerservice@kncrowder.com or 1-866-999-1KNC(1562) for more information.
