

CATCH 'N' CLOSE®
Closes safely and silently

DRYWALL CEILING TRACK

CCDC-810

Up to 300 lbs. [136 kg] per door

Minimalistic by design, the CC-810 zero clearance hanger paired with the CC-905 drywall ceiling track remove distraction from the room by levelling the track with the ceiling. The CC-810 hangers reduce light and sound entry, while our nylon wheels with precision ball bearings allow for smooth and quiet door operation. The addition of the Catch 'N' Close closing system enables the door to glide into position without assistance.

Available in clear, bronze or black anodized or powder-coated.

How to Specify/Order:

Kit Code: CCDC-[]-810 X [track length] 1DR KIT

[] = maximum door weight (2 for 200 lbs. [91 kg] or 3 for 300 lbs. [136 kg])

Note: [track length] = door width x 2 (for 1 door kits)
