## CROWDER STACK

**CST-700 Series**
Up to 200 lbs. [91 kg] per door

The Crowder Stack is a folding partition stacking door system that ranges from light to heavy-duty, taking care of all your room division needs. Ideal for convention centers, event venues, conference rooms, hospitality, etc. The applications are endless! Our strategically designed hangers come with axial bearings to carry the door and allow pivoting or cornering as required.

*Coming Soon!*
300 lbs. [136 kg] Heavy-Duty System
